To: Комитет по образованию Мингорисполкома <komitet@minsk.edu.by>**Mr. Progodych,**

As you know I am citizen of the Kingdom of Sweden and I don't know the Russian language. If you want to address a letter to me, please show me and the articles under The Hague Convention regarding Services abroad little respect and write it in English if Swedish will be to difficult.

Therefore, I am ignoring your letter and leave it without consideration for the simple and fundamental fact that I don't understand the content!

Respectfully,

Nicolas Cheropoulos
