On considering the appeal

Dear Nikolas,

The Health Committee of the Minsk City Executive Committee, having considered your appeal sent to the Ministry of Health of the Republic of Belarus, reports the following.

Article 3 of Law of the Republic of Belarus No. 300-3 dated July 18, 2011 "On Appeals of Citizens and Legal Entities" defines the entities that have the right to appeal. Clause 2 of the said article establishes that foreign citizens and stateless persons, representative offices of foreign organizations located on the territory of the Republic of Belarus enjoy the right of appeal on a par with citizens of the Republic of Belarus and legal entities of the Republic of Belarus, unless otherwise specified by the Constitution of the Republic of Belarus, laws and international treaties of the Republic Belarus.

According to the address indicated by you, it is established that you are not currently in the territory of the Republic of Belarus. Thus, you don't belong to entities with the right to appeal.

In addition, information about the state of health of Alexandra Cheropoulou is a medical secret. The procedure for providing information constituting a medical secret is established by Law of the Republic of Belarus No. 2435-XII dated June 18, 1993 "On Health Care", by Decree of the President of the Republic of Belarus No. 200 dated April 26, 2010 "On Administrative Procedures Carried out by State Bodies and Other Organizations upon Applications of Citizens" (hereinafter - the Decree).

According to the Decree, information about the state of health is provided personally to the citizen (legal representative, or authorized person) upon presentation of a passport or other identification document.

The reference to Part 7 of Article 46 of Law of the Republic of Belarus No. 2435-XII dated June 18, 1993 “On Health Care” is unreasonable, since Part 7 of Article 46 contains a list of state bodies and organizations that are provided with information constituting medical secret without the consent of the patient or authorized persons.

We inform you that the lawyer A.S. Korsak, acting on the basis of a power of attorney, was informed by the Health Committee of the Minsk City Executive Committee on the issue of receiving information about the state of health of Alexandra Cheropoulou.

Thus, no violations of the law by the employees of the Health Committee of the Minsk City Executive Committee have been established.

First Deputy Chairman
